R: Travis Flats

Dear Commissioners:

The Ridgetop Neighborhood Association (RNA) would like to express our support for Travis Flats, a proposed affordable multifamily development to be located at 5325-5335 Airport Boulevard, Austin, Texas 78751. We understand that Travis County and DMA Development Company, LLC are seeking housing tax credit financing to develop the property that will include mixed-income multifamily housing and a County office building.

RNA has met with representatives of Travis County and DMA Development and is very pleased to lend our support to this affordable housing community, which is located within our association's geographical boundaries. If you need additional information, feel free to contact me at Blackwelder.m@gmail.com.

Sincerely,

Meredith Blackwelder
Vice President

Billy Poe
RNA Treasurer
